### Présentation

---

#### **Margins and Norms: American Institutions and Communities**

Changes in the American institutions (political, social, cultural) and the communities in which they are based, with a particular attention given to marginalized groups.

Project-based class.

### Compétences visées

---

- articulate a thesis in order to provide a clear point of view for an assignment
- learn and use research skills in order to include relevant material that supports their line of argument.
- identify primary and secondary sources

### Bibliographie

---

Continued use of Eric Foner's *Give Me liberty!*
